ABOUT ME

As a systems engineering student at ENSEEIHT specializing in Instrumentation and Systems (InSys) within the 3EA program (Electronics, Energy, Electrical Engineering, and Control), I am deeply passionate about high-reliability electronics and critical embedded systems. Currently on a gap year, I am seeking an internship or technical experience of 3 months or more starting in April 2027. Eager to contribute to high-stakes projects, I offer solid foundational skills in digital electronics, microelectronics, and low-level programming.

EDUCATION

ENSEEIHT — Toulouse 2024 – Present
Engineering Degree in Electronics & Electrical Engineering

3EA Department — Systems Integration (InSys) Track

Classe Préparatoire MPSI / MP* — **Henri Wallon, Valenciennes** 2022 – 2024
Preparatory Classes for Grandes Écoles

Intensive two-year program in Mathematics, Physics & Engineering Sciences

Institution La Croix Blanche (59) 2015 – 2022
French Baccalauréat — Mathematics & Physics-Chemistry

Option: Expert Mathematics

EXPERIENCE

Nice CubeSat FPGA Architecture & IP Validation Oct 2026 — Mar 2027
Internship — Observatoire de la Côte d'Azur

- Integration of communication IPs on Zynq-7000 SoC FPGA
- Validation of the FlatSat communication chain and UART protocols
- Bare-metal testing (C, Vitis, Vivado) and test bench design

Conception and Development of TestBench June 2026 — September 2026
Internship — Serma Ingenierie

- Conception of a TestBench for a plane actuator
- Design an HMI to execute defined Scenario
- Transmission with Actuator using CAN FD Protocol

Cleanroom Microfabrication & Analog Design Spring 2026
Academic Project — ENSEEIHT

- Microfabrication of MOS transistors in cleanroom and design/testing of amplifier PCB boards

Versatile Employee — Carter-Cash (59) Aug 2025
Summer Job

Delivery reception and customer relations management

TECHNICAL SKILLS

Programming

C/C++ · VHDL · Python · MATLAB

EDA & Simulation Tools

OrCAD PSpice · Vivado · ADS · HFSS · MPLAB

Other

L^AT_EX

SOFT SKILLS

- Working under pressure
- Efficiency and time management
- Organization and planning

LANGUAGES

French	Native
English	B1
Japanese	Beginner

INTERESTS

Sports

Running · Tennis (7 years in club) · Handball (7 years + University)

Hobbies

Motorsports · Chess (N7etMat club, 4 years online)
